

Karunanjali Gurram

Product designer

Product Designer with 3+ years designing digital products, B2B workflows, and dashboard experiences. Turns complex requirements into intuitive, production-ready interfaces. Uses generative AI tools (ChatGPT, Claude, Figma AI, Lovable) daily for ideation and research synthesis, reviewing and refining every output before it moves forward.

Work experience

Freelance UI/UX Designer

- Design websites and analytics dashboards for clients, owning the process from concept to final UI.
- Redesigned admin dashboards for a global retail client and adapted a complex dashboard to mobile/tablet for an industrial client.
- Hand off complete, developer-ready designs — specs, components, and assets.

 **Promote easy** Digital Marketing agency

Product Designer Mar 2024 – Mar 2026

- Designed end-to-end experiences for an influencer marketing platform (0→1) across mobile and admin dashboards.
- Simplified campaign workflows into intuitive user flows and scalable UI patterns.
- Collaborated with developers and stakeholders to deliver production-ready interfaces in a fast-paced startup environment.
- Assisted as a Graphic designer, working on branding materials, social media creatives, and marketing assets.

 **Ritchie Media**

UI/UX Designer & Creative Project Manager

- Designed and prototyped responsive websites and landing pages using Figma.
- Skills
- Provided creative content ideas for various projects, enhancing engagement and audience reach.

 **Odigos** Software training institute
